

## Borders Search and Rescue Unit

The Montane Spine Race, undertaken in January, is one of the toughest ultra-distance races in Europe, a 7 day, 238 mile run/walk from Edale to Kirk Yetholm along the Pennine Way. Two BSARU team members started this challenge to raise money for our new team base. Unfortunately, Peter had to give up after 100 miles due to injury. Duncan made it to the Border Hotel having endured storm Brendan's 80 mph winds, snow, rain and limited sleep. A fantastic effort from both. Money raised £215.00

Cornhill Community and Cornhill Village Shop are big supporters of BSARU and a recent Bingo Night, organised by Diane Thompson, was a huge success raising £738.52. The Cornhill Shop raised £602.91 for the team by running the charity tea-room at Kelso Races in January. Our thanks to them.

The money raised will help to fund a portable defibrillator.

To learn more about the team visit the website or facebook.
